Abstract:

Planets revolved and appeared if they were not round their revolution would not have been possible. Construction of planets as round itself may evolution. Not have been possible big mountain released form planets they have remained a mountain and mud only so the theory of evolution of circular round bodies is not acceptable molecules and living cells are not exhibiting their presence. Scientific reason for the evolution circular round bodies is not established. Therefore in eyes of god all the elements have blended properly. There is no tree without seed there is seed without tree, there are trees without water, similarly no mother without baby no baby without mother, who gives birth will die no water without Earth, no rain without sky no world without stars planets, effect of sun and Moon and human beings, birds or animals and on Earth and other planets all the living beings are keep activated.

Keywords: "Planets and their effect on human life"

Project: 1

Birth of living beings originated based on the Earthy weather conditions on trees, plants, bushes running rivers air rain floods all related movements universal livings and non-living, humans failures and sings, accidents, weak mental state, father, mother, mother in laws father in law fatal deaths.

Frequently changes in speech tongue of humans and after black and white human's evolution also for days, night's month's planets and Astro signs. So life on Mars and other planets life as had Mars having living beings sustaining. In the beginning of Earth formed by the rejection of chemicals matters lined by inhaling carbon dioxide and loosed on masses. Livings being on Earth were varying not seen by man and vibration.

In the common man also have divine power, there are mainly 4 verities on the same we see two types of learners lot difference between common man divine power and mantras or Earthy aspect divine power and Maya. Devils and demon have more power than god they are bad spirits. They are aspect between devils and characters and have more powers, have in the fight with soul. Devils and gods, devils only get victories, power aspected by demon are stronger then strengthen aspect God.

- Out of four godly spirits first one understands all the past, future and present happening. Where in nature secret is hidden. In the seconds one there will be brittle knowledge about past, future and present and nature's hidden strength divine power missing out of Tung 3rd here is little difference from first two powers. We get idea in dreams about powers is hidden in words. First one power appears like cinemas pictures, 3D knowledge this 3d knowledge is called extra super power. 4th power is chanting mantras of pooja and worship daily this will energize in your body. In common man 3rd and 4th divine powers seen in the common man.

- First two divine power emerging from mantras and Maya what were called special divine power first is related to god and second to divine power of saint and Sadhu's.
- Astrologers who predict future do not relate to person they predict the whole summary based on 12 names of Moon planets of mid-day Asc, stars and Zodiac signs in which they came this type of prediction applies to very few out of thousand. If carefully study is one on Asc, Stars, Planets position etc. 80% of future is prediction is covered.
- Few will get result from god and some does not get results, then naturally they become ominipetant. What is the reason a disciple can and prays to god to tell him his difficulties of life. God who accepts that request or the any such hundred problems may bless is disciple or not may be one out of hundred get blessings other may not.

For ex: I will use my own experience tried enough to get my fiancée, I lost hope in all direction, I took the help of my gods to get my fiancée by chanting of mantras, but my god failed to get fiancée and there family member is getting married. All gods failed in getting my fiancée and family member, brother, father to accept my love and marry to my fiancée. Apart so many three crore gods failed found is impossible.

But devotees got blessings from God in the sadhana instantly, the year on new Moon or full Moon day 11th or 12th or such other auspices day disciple were blessed with help of star and star singe and such other horoscope the same thing happened in my life. I was not blessed by even three crore gods my small prayer was not cleared.

Crores of disciple at a time with the knowledge of stars planets and astronomical routes get blessings from gods souls of saints and Sadhu's have spirits of gods in their heart and spread all over their body to get blessings from gods we have to wait.

- A solitary, Chaturdashi (4th place in lunar) new Moon or full Moon on Dasami (10th place in lunar) new Moon or full Moon day. On this hypnotism, accident defeat losses will occur in the month of February, March, May, August October, November, December, Stars and mantras will get more energy.
- Stars dates, weeks, Tithi (lunar day) are important they are basic there will be differ and gaps in the intelligence between the people of the country and other country.
- They are responsible of birth of handicapped children.
- For getting cheated birth and death everything depends on planets.
- That days stars Tithi (lunar day) planets and time are responsible for the disturbance of mind or success of work achievement responsible for loose and talks which are not dependable
- For all the success months that days Asc Tithi (lunar day) are good February, March, May, August October, November, December, also full Moon to new Moon day are precious.

Pregnant of woman give birth that calculated date for some woman delivery will be delay some delivery will be early

some may have to undergo caesarean such things will depends on lagna and movement of planes this happens till Moon goes to particular sign or stars and touches its orbit for this reason woman will know together suffer from interrupted pain or both continuously or today's or even more..

Project summary: example: On the 10/03/2014 Moola Nakshtra 2 falls Krishna paksha 2nd Tithi(lunar day), a pregnant woman gets delivery pain delivers in her house delivery took place in hospital or house does not matter what matters is birth place altitude and latitude to decide about fate of the baby born. In this moola Nakshtra day it falls in Sagittarius (Dhannusa Rashi) based on this two or three Nakshtras cover one Rashi.

- Apart from Rashi signs we have to take lagna into account we have to note these aspects at the time of birth of a baby, Nakshtras Rashi and lagans, here birth of baby then if a woman suffer from pain to deliver, has tolerate till particular Nakshtras Rashi and lagna aspects the birth of a baby in normal course this does not apply in case of caesarean delivery.
- For a woman delivery pain starts say at 10 am but actual delivery takes place when moola Nakshtra falls in Sagittarius (Dhannusa Rashi) and lagna as pada the Rashi. Till such time any pregnant woman had to suffer from delivery pain till such time.

- Earth and other planets or asteroids and constellations are integral parts of the Sun. Rahu (north lunar node solar eclipse) Kethu (southern lunar node, lunar eclipse) lagan (ascendant) is also an integral part of the Sun.
- The planets are moving from one direction to the other, and are trapped in the sun. The sun's domination restrains them from moving again. This is why colorful planets look different.
- Colorful planets that is entertaining because they have different planets and come with moving planets, so different kinds of life or living organisms. They are equally challenging to the humans.
- There are also different planets orbiting humans as well as other life forms in the cosmos as well as other planets orbiting humans. Back to their preferred location.
- Planets only a few planets, such as the Sun's prime organs, are taken into account. The rest of the planets are not integral parts of the Sun.

Planets, asteroids, and asteroids are being created in the same way that climatic life is taking place in our atmosphere. But there is one lord of the respective planets that is created. Like a father mother for kids. They are integral parts of the respective planets. As we have seen the diversity in life forms in terms of soil quality on the planet, we are also seeing diversity on the planets. New planets are being created in a similar climate. But the planets are not created from the same particle at the source. Even in the same way as man, there are different types of planets, asteroids, etc.

- Compared to the people of China and the people of South Africa and its climate, there is a different climate and ancestry. But one of them is different in intelligence than the other. Because of the climate in the respective countries and sectors. Also, Earth, Mars, Mercury, Venus or Jupiter will be created according to the climate of the

solar system. But they are not separated from other planets. Separate planets do not appear.

- Solar orbit must be studied intensively before the solar system is created from a single particle, or before the philosophy is revealed. All that is seen here is pure magic. In that illusion, the physical elements were created. From this illusion, the solar system and planets, asteroids, and stars are created. Just as the tree is created from the seed, the world is created by the particle. In reality, some life forms and plants are being created from the illusion of the soil.
- Piles (living organism) of life do not appear everywhere on our land. This is due to the fact that the soil fertility of the organisms is causing the climate to rise. Different parts of life can only be found in certain areas. The reason is the soil and the climate. There is a kind of climate in the country of China, and a kind of climate in the West Indies. The climate is fluctuating compared to the climate of both countries. There is a variety of life there, similar to that climate. Similarly, Mars or Jupiter in the solar system will be difference (enemies) different.
- The Moon is an integral part of the Earth. But the moon is not separated from the earth. A moon can be called a species of earth because its movement is so close to Earth. Once the moon is separated from the Earth, there is a significant difference between the Earth's climate and the Moon's climate.
- If the environment and climate of the pregnant woman was not good it creates Problems usually arise if she is staying in her environment, there is difficulty in breathing or fetal development. Similarly, there is a problem with the growth of biomass or the molecules there on Earth or any other planet.
- We call it the absence of offspring (barren). And each person is like a planet. There are both males and females. If the both male and female chromosomes were mixed, however, are left infertile if they are unable to produce offspring (barren). But infertility can be eliminated by scientific technique or by God's will. The title of infertility of female can be eliminate, The living offspring grows. Similarly, planets, even if they are soil-related, are unlikely to grow in a variety of life forms. Possible on some planets. In many places on Earth, even in other climates, the lack of climate is a barrier to life
- There is no house or planets with no children or germs. For example, some invisible forces are visible to the camera eye. Unlimited powers are not visible yet. In such examples, God is not visible to the camera. This is a challenge. When the camera is turned on to the idol statue on the way to the temples, neither the god nor the shape of the image is not visible to the camera. Similarly, alien planets are invisible. Not appearing. Otherwise, he is annihilated and annihilated planets that are infertile.
- So if the camera or micro wave were so powerful that the intellectuals could detect it, they should first capture the image of the idol in the temples. And then there should be an attempt to capture alien planets. Until then he will remain ignorant.
- The serpent bites the man is the reason for the constellation, stars, lunar mansions. Occasionally, the snake comes to the man and returns but without biting. This is also because the planets and Lagan. How Jupiter, Mars should be in Lagan and Saptami (7th place in space) respectively. Or Saturn should be in Mars 5th and 7th. Or Saturn should be in the 12th house with the waning

moon. Or Chandra Mercury should be the center of sight or other planetary. If this is the case, the man will become with a mental illness. Similarly snake bites the man is also the because of their zodiacs and planetary and lunar mansions etc.

“Planets and their effect on human life”

- Each of the principles in the creation of the Supreme Being is correct. Intertwined with one another. There are relationships. There is no air left in the trees. There are no trees left in the seed. Without water there would be no trees and biomass. Similarly there is no child left by the mother. And must die on birth. The wrongdoer must be punished. There is no water left in the land. There is no rain left in the sky. Planets are not worlds apart from stars (lunar mansions). If the life and life of any other living organism were unrelated to the planet, the effect of the sun and moon would not have been to the earth or to other birds. How life and life of planets, constellations and stars from the moon and the life of the moon move in the same way as the sun orbits the science and life of the moon.
- Both technical, magic (illusion) (mantras) and science are the same. Although technically magic (illusion) (mantras) phenomena may appear to be scientific delusions, in the scientific and magic (illusion) (mantras) phenomena involve scientific thinking. The scientific base is technological, magic (illusion) (mantras). The obvious explanation here is that scientific thought is a technical and magic (illusion) (mantras) foundation that extends into one example or two in tricks, not realizing the real world.
- Knowledge and ignorance originate in the mind from astronomy. That is, they are all related to natural laws. Every human being or the thoughts of all living birds applies to the planet, star and mass. Planets, stars and constellations do not depend on the activities of daily life of man. However, our daily activities theoretically resemble the planet, nakshatras (stars) zodiacs and mass.

- In The Physical world planets, ligands, stars, lobes, elements, dyes, piles, manes, parties, and lunar days, lunar mansion are the main cause of every action that occurs in our physical layer and for every function of life, plant species and technology. And the universe and the definitive information and research descriptions of creation in our world.

Experiment Trials

From the five physical elements are no longer created by magic (illusion) and time. However, time and again, the five physical elements were created by the unique powers of magic (illusion). The five physical elements are created by the unique waves and influences of time and magic (illusion). Planets, nakshtras (stars), zodiacs are created in the same way. In addition, the constellations of the stars are created by the unique energy functions of time and space. The air is running as long as possible without water. Magic (illusion) perform his work accordingly. Planets are created in the same way that water, soil and air are created by the actions of the illusion of time and again. Given the scientific reason why the planets were created by the five physical elements, the big question arises as to where the five physical elements came from. Of course, confusion begins. Thus, the five physical elements are created by the unique power of time and magic (illusion). And then the gradual creation of planets and zodiacs, stars is not only the basis of science, but also the mythical divine power and the most profound study of the origin of our world.

1. It is impossible for anyone to study the celestial things seriously or for perfect things. Some times that is impossible from the Lord of Creation. If astrologers or scientists predicted the world or a person based on everyday astronomy today, it would be irrelevant if applied to astronomical subjects in reality. It is only the hair of a man's head i.e. only the message (small portion) is available. Astrologers and scientists today are all about summarizing future and past of the individual person and the world. Today's time, i.e gradual ray, karan, stage, planet, planets crossing, lunar day, asteroids, zodiacs, planetary curvature, different angles, triangle, vertical, reverse, horizontal, etc., are necessary to understand the day-to-day and transcendental awareness, knowledge The perfect (manuscript) fate of man is becoming available. After checking the planets in 2015, planetary motion, the constellation, stellar, lunar day (tithi), time, lagna, time, Maya(illusion), season, latitude, hour, and man's fate and again same person fate can be checked in 2016, time, hour, time, If you study the planets of Asc, minute, stage, karana, season, day, mass, star, position, curvature, horizontal, direct, angle of movement, seconds and more, it will change a lot of things. Also get required information (Changed themes are available in the form of high utility.) This is because there is a gap of one year between the planets in 2015 and 2016. Here is a brief case study of the history of the accident victim. The person was killed in a car accident this afternoon, March 10, 2015 at 12 noon. He was a lorry in automobile trafficking. Only the driver of the car dies there. But the lorry driver does not die. Why? Astrologers whose horoscopes are predicted to check the birth kundali for six months.
2. His birth Kundali consists of zodiacs Taurus Mrigashirsha (lunar mansion), the beast star, Virgo Lagna is there. But the Sagittarius zodiacs and Sagittarius lagna are notoriously contrary to his birthmark. In addition, he

also suffered the worst of the month of March, and Wednesday evenings. The man who died in a car accident on March 10, 2015 at 12 pm, as his birth Kundali clearly predicted, was in contradistinction to the zodiacs Taurus Mrigashirsha (lunar mansion), the day of the death of the person. (Because the person contradicts the day star Taurus, the beast star) If the astrologers have predicted or written made a mistake in the birth kundali of the humans, then the astrologers are failed to write the birth kundali for the humans. And there is lack of knowledge in the astronomical knowledge.

3. Neither the god of the home nor the worshipping deity of the home, the god fails to protect the devotee by accident. There are many examples of this in our physical world. It is not possible for God to save his devotee by accident. Today many of them are taking pilgrimage to temples. They are being put to death in the presence of God. This is because God also has a birth kundali. The pilgrimage tours or pilgrimages of that kind are often under the influence of his birth Kundali. Some people fall off the bus but do not. It is because of his birth Kundali influence.
4. Nine planets are full of stars and zodiacs, just as a human body or any other biomass is conveyed in the birth kundali. And they are created by themselves. Nine planets, stars, zodiacs and nakshatras are circulating in the particle of man or any other biomass. That is why there is so much planetary direction(dasa or period) in every human birth kundali

Planets Stars It is the research of astronomy and astronomers at that time but the planets, constellations and stars are also changing as the number of stars changes every year. This type of planetary system is no longer visible in the B.C period. Because the world is changing over time. Change in each biomass is observed. For example, homes or development at that time matched their intelligence. But this is 21st century 2016, which is progressing. For example, movies and software were not functioning at that time. These are the present time. The planetary trajectory does not change as time goes on, but progress is going on. There is a shift in biomass. They did not know that there is a cinema, but astronomy is not known. Astrological fruitful (results) is written just like today. As the foundation of the planetary home, but only for a few days, the house has progressed, leaving the foundation of the house for a few days, the planets are also moving in their own path.

While it is clear that the life of humans based on the planets and the life of each of the billions of living things, i.e., the life of the humans inhabited by the planet, does not draw the birth kundali. The Earth also orbits the same as the other planets in its orbit, taking only the Earth into account

- It is doubtful whether astronomers, astrologers, or previous astrologers are misleading in predicting the information based on birth kundali, somewhere since the earth is not considering (utilized) in the birth Kundali
- In what position is the earth? The influence of other planets in their orbit even though the earth has its own control and its orbit and shadow of the earth falls on the earth position in that time of the earth position and the prediction of longitude and latitude of the birth of the earth's rotation, regardless of birth Kundali or were receiving astronomical information with other planets or even earth at birth Kundali, including the birth of tomorrow's day or days to may be create predictions.

When birth Kundali appears to be untrue at some point, earth movement calculation can be very useful. While creating astronomy and astrology on the other side of the earth, other planets and constellations could have explored the distance to the earth, and whether the birth kundali can be created the fate of the day or tomorrow.

- The rest of the planets, including the Earth, are rightly showing their influence on Earth. With their influence, kinetic reactions are able to survive on billions of biomass on Earth. Except the earth Examples of other planets outside the Earth, such as Jupiter. Earth, can be used to study Jupiter or astronomy. The impacts of our earth will be clearly seen from the profits and losses of our planet to other planets.
- If any organism resides in the planet Jupiter (guru) or the birth of a living organism, the entire kundali or the complete writing fate is thus practiced and researched. But the position of Jupiter is Jupiter and Jupiter cannot be used to create birth Kundali. It is like the extremes of the ancestors. But now the earth and Jupiter can be used to create the birth kundali. It is explained in the following topics. When an organism resides in Jupiter, Earth's orbit and degree of shading are used like other planets. Also, the house is first seen in the house. Once the earth is in the sun house, which is in the first house, Jupiter does not allow organisms to survive. And when the Sun gets home, Jupiter's destruction of the planet and the opposite planets will lead to Jupiter's destruction. Then the planet Jupiter will be loaded with earth. This is because the earth is orbiting forever. It is also used for birth kundali or eternal prophecy. The answer then becomes the same and the supreme truth. It is then a glimpse of how much profit and loss his current journey takes.
- There is a dearth of molecules needed for living organisms or life on Mars, which is a problem for our planet. Just as the Earth is abandoned to our birth pits, Mars is left to the piles of life on Mars. Even though notable leave earth (is left unchanged), the molecules of Mars will gradually disappear as the Earth enters the position of Mars. If a planet is affected by any other planets, such planets will have a problem and the life (living organisms) of the planet will be affected. Earth is also troubled by other planets. Because of that problem, the biomass is depleted here and there are accidents.
- If the birth Kundali was created considering our Earth, the Earth itself would be investigated by measuring the degree to which the Earth and other planets rotate. Then there is the need for biomass to be useful and hazardous to the home where degrees are available, like the Earth and other planets. Even though there are life particles on Earth, the day-to-day operation of the (shadows of other planets) and other planets should be investigated by the waves of the Earth.
- The earth is not being covered by any planets. If affected, life on the planet would be an obstacle to life. (The parrot would not have been able to thrive on the planet.) This type of development is not possible in the earth but other planets are being affected by the earth, and there is not much development.
- If we take Earth's rotation into account as to in which zodiacs sign Earth comes then determine the influence of vine on Earth and makes research.
- Planets have not affected Earth and its living beings otherwise these would not have been so many developments

“Using Earth as reference and prepare Birth kundali and living beings.”

1. **Sun and Earth:** Creates a favorable environment for life on Earth. Thermocouples can be effective enough for the orbits to grow. Give way to free movement of biomass. An organism kills another organism and relieves its stomach. From the combination of the sun and the earth, every living thing in our world today relies on one organism to another. They are also very versatile in researching new technology. The life of darkness leads to lighting. Make life a solid foundation. Sharpens the intellect. As well as being good for feeding trees. Due to of other planets, there is a lack of vegetation due to the lack of sun combinations for the trees. Important for respiratory functions. Great for offspring of fresh new biomass.
2. **Earth Moon:** Earth's satellite is considered a moon. There are plenty of satellites in orbit around the Earth. But many scientists and astronomers have failed to research them. The Janma Kundali (birth horoscope) is being conceived while considering the lunar satellite. Lunar and Earth alignment are helping to make life more beautiful for life on Earth. Earth and Moon are moving in the equator and are getting cooler climates as they orbit the Earth. Moreover, darkness is very beneficial to the sleep of the creature's food. In addition, food is the source of action. Biomasses are learning to love each other from the combination of Earth and Moon. Are learning to coexist. There is stiffness in the spoken pledge. For a minute the words are rolling in the tongue of a man because of the distance between the earth and the moon.
3. **Venus Earth:** The lust is bringing, Love is also inflicted on enemies. Are producing sperm. The men are drawn towards the woman. Female love. Doing work tasks. Taking it from one place to another.
4. **Jupiter Earth:** The planet Jupiter is subtracting from Earth, but living organisms (biomass) has weak in knowledge in the Jupiter. The tree is also drying up. This is because the tree has no water or nutrients. Water should be added to the tree. When the water spour to the tree, the tree also germinates. The gobar (manure) or cow dung should be put thereafter. Then the tree grows hardens. Then trees strengthen. Just like water and gobar is feeding to a drying tree, similarly Jupiter comes to the planet in conjunction with planets. The level of intelligence is enhanced by the combination of Jupiter earth (lands). Wisdom ripens. New research work begins.
5. **Earth Mars:** Earth is getting worse. The earth is shrinking with rotation. Bringing weakness in the biomass to life.
6. **Pluto:** Pluto responsible for the stupidity of biomass. But if Pluto is with other planets, there is no fool in the origin of life.
7. **Earth Uranus:** The lunar planet also has no light on living organisms on Uranus, which complicates the action of biomass. Giving the creatures' super strength and insight. Causing the movement of the seven chakras.
8. **Earth Mercury:** But the combination of Earth and Mercury is drawing towards the female attraction to the man. Are leading to sexual harassment. Mantra attracts the mind towards energy, divine, religious, earth, business, building, solitude.

9. Neptune land: propagating biomass and theafting. Are taking them to the courts. Accidents are happening. They are breaking their limbs. Grace the supernatural.

Based on only 9 planets available so much information. But there are many related planets in our sun orbit. Based on all of them, Janma Kundali can clearly and accurately predict the future. Then blunders do not appear in the birth kundali.

The bus is moving. But the weight of the bus fell on four wheels. But there seems to be no bus action here. Four wheels are the main reason for the bus moving. Just as the four wheels are responsible for the bus, so other planets are also cause of motions of the earth, such as the nine planets it is a little difficult to create a birth kundali by simply covering the earth. The research also reveals that the earth (land) should also be incorporated into the birth kundali structure. If the Earth is in contact with other planets in orbit, it will act on the planets of other planets as well as on Earth. The land will not be abandoned. Earth is in conjunction with each of the planets. Planets stick to each other like chromosomes. The Earth's climate is a bit chromosome but on other planets.

Just like there was bus as (land) earth. But this scenario shows that the people on the bus are just like humans on the planet.

Earth orbits like other planets. Earth, like other planets, reacts to the planets of other planets when they come home. More importantly, it also reacts to organisms on Earth.

- **Sun - Earth - Moon:** Daylight is giving life to biomass on Earth. Are slowing the growth of biomass. Growing and ending. But there are satellites on other planets, such as the Moon, where the night and day main problem is is the extinction of organisms. Or is a problem for the origins. If the moon does not have light from other planets, it means there are other planets like the moon. But like moon if the other sub planets doesn't have daylight, it would mean that life (biomass) on such planets would be interrupted. Based on the available planets, the mystery of creation and the fate of man, there are many planets in the solar system. If so, man does not know something is missing link in the solar system. Somewhere in the study he does. Probably because of the suspicion that there is an offspring of organisms on other planets such as Mars or Jupiter, where there is no light, such as the daylight we receive on Earth, there must be a problem with the organism.
- No creature is created in the darkness. If there is a molecule facility but there is no daylight, the problem of living organisms is a major problem on such planets.
- In other planets there is infertility, as a woman who doesn't gave birth to a child, the mother who gave birth to children. If one follows the birth kundali in a mother here, there are strong reasons for infertility on other planets. They can be called birth kundali. In each planet, infertility is centered on which planets do not have enough daylight and darkness. There is infertility, no matter how many molecules there are. Here the mother gets food and her husband gets sperm but she is infertile. Because of the birth of the planetary field in her birth Kundali.
- On other planets, darkness is their life. Plants can live on photosynthesis or living organisms only by the light of stars. Life of ours is the life of other planets. How people live in luxury in the light of life. Similarly the people will live the life in the hills side and forest area and remote

control area (darkness) same way the other planets also organism will lead their life.

- Is birth Kundali based on a planet that has only been considered in our solar system? But there are still plenty of planets orbiting the sun.

1) The earth is in Aries: a lot of him in the tongue is locking with heat. Then the words in the tongue of a human roam for a minute and also they become sordid. Accidents happen when the earth is in Aries and the person survives. However, the shadow of a neighbouring Taurus can cause a person to have an accident if it falls on the Aries. But to help this, the first thing the people in Ashwini nakshatra in Aries will do the destruction or cause problem.

All the planets together lead to the development of biomass. But piles are indicative of the function of the biomass from the edge to the edge. But it is the stars themselves that make the life of the roosters clear. In accordance with the orbits of the stars, the stars are accompanied by asteroids and are eternally living according to planetary conditions.

- Twelve-zodiacs, 27 nakshatras are known as birth kundali or astronomy using only 15 lunar days the stars that appear every night are other solar system suns. When they enter our solar system, they will only be stars but they will not be suns.
- If birth kundali is not believed, then the full moon should not be believed. Also, the full of energy increases during the new mood day full moon, eclipse, and lunar day. Why is this?
- If the birth kundali is measured based on the earth and moon. Then there are many other satellites in our solar system, such as the lunar earth satellite using only the Earth satellite? That means each planet has satellites, they are not used in the birth kundali. Why?
- There are many micro-organisms, which are not visible to the eye or to the telescopes of the camera. They are visible to few extraordinary humans only.
- Male and female fluctuate in thinking power. Male desire for female and vice versa. (Female desire on male.) Thoughts are the same, the moods are moving slightly differ. Minor changes in activity; occur at least in the imagination. This is a great prasadam/Boon given by the planets.
- When TV or radio gets troubled, we repair it and listen and watch it. When the person is not healed, we go to the doctor. Then it will heal. But there is a remote to listen to or watch the song on TV or radio. But that remote is at the launch of the original blue satellites. We only do repairs just for name sake. Similarly, there is a physician and technician for temporary relief or survival for humans or life. This is all because of planets and is filled of everything. Although there is only one satellite in the sky, it has helped with radio and other technology. But they don't have a similar TV radio in their house. There will be different types of TV radios. But watching news or pictures on TV or radio is only possible with a satellite launched from the sky. Similarly, humans are different from one another, like a TV-like species, but as a basic satellite, zodiacs, planets are a star and a constellation.
- To form a planet that indicate the house zodiacs, star, Asc similarly for constructing the house we need walls, doors, windows etc... Same thing As well as the branches of a tree. If the tree is a planet, if the tree become a planet in that its twig branches are the zodiacs, star that gives results.(If a planet indicates a house of construction, the

constellations of the constellation signify the side of the construction house, the window doors. As well as the branches of a tree. If the tree is a planet, its twig branches are the star fruits.)

- The human body or body of any living being is created by planets, asteroids, Asc, zodiacs, stars etc. That is, the body is filled with planets, constellations, lunar and stars, and it starts working. We also call them the order of organism's creation by the five physical elements; these are the five physical elements, planets, zodiacs, Asc the constellations, the planets and the stars. Every particle in the body is a planet, asteroids, lunar, stars.
- No planets are destroying the body of any life on Earth. From time to time, if the bodies of the biomass are being destroyed, you will have to search somewhere that the Holy Spirit is hiding somewhere. However, the supernatural planets do not have a definite body-destroying mechanism for life. The bodies of any biomass are gradually decaying from the five physical elements. But the planets are moving in their own orbit. But the soul in the body of the pile of life does not age there. Only five physical elements are destroying the bodies of living beings.
- A person invents a nuclear bomb or computer. But a nuclear bomb or a computer machine works faster than a man found. He does not have the power to control a computing machine or a nuclear bomb. Similarly, the planets, Solar System here are created by Vidhatha/Almighty or sometimes it could not able to control it.
- If the soil of the earth is placed on Mars or any other planet and tested for any of its seeds, it should be seen whether or not the seeds are created for the tropics or the tropics. Or try to bring the soil of Mars or any other planet back to the earth and sow seed in it. This will detect the exact climate of each or every planet on Mars.
- Other planets on Earth have more intelligent life than man. But they look different only in appearance.

Jupiter and Mars in Asc and 7th place respectively or Saturn in Asc, Mars in 5th, 7th or Saturn with weak Moon in 12th house, Moon and Mercury in Centre or other Union of other planets. (Horoscopes of a person for tell his achievements as well are future in advance.)

- The foundation of a house is predicted by the engineer or the people who laid the foundation. Similarly, if one looks at the power or the perfect seed in a tree, the future seed will sprout and grow into a tree. Similarly, the birth kundali of a man is like the foundation of a house or the seed of a tree.
- A question arises of course here. That is, if the person prophesied by observing the motion of the planets at the time of birth, the motion of the zodiac, the motion of the planets, the motion of the stars, would the planets, asteroids, lunar, stars be associated with the birth of the person today? Yes As we have used a tree seed for example, the tree will continue to grow in the following days. Before the seed had sprouted, we had a future in

which the seed would grow and reproduce. And similarly in the birth kundali of humans.

- True, the eyes that see it today are the seed of a tree, growing in a tree. Season, time, planetary motion, energy, mass, Asc, lunar day using of these observing and studying and then the seed before the growing a tree, we predicted it, of that Season, time, planetary motion, energy, mass, lunar mansion, lunar day and its capable of zodiacs, Asc, lunar day and then using of these observing and studying compare with past and present, planets of motion. This result will say that it's true. This means that the movement of the planets (zodiacs, Asc, the energy, the asteroid, the Asc, the lunar day) of the present day depends on the (germinate or sprout) tree which grows. If the seed is scratched it is like humans birth kundali was removing. The birth kundali of a man becomes the basis of the kundali of the seed. Like the relation of the seed and the tree, the birth kundali is related to the movement of the planets of today and the planet, the constellation, the Asc, lunar day of the past (birth time). The planetary motion of today's days, the energy, the mass, zodiacs the Asc, the lunar day is prediction of the future. It is a precious gem found in the human's clan. Human is virtuous.
- A person receives fate or (complete the fate) only when he pass the youngness to the adult age and to the older age to last breath. (Is out of breath due to his or her condition.) Until then, incomplete content is available. Until then man is ignorant and not wise in astronomy or knowledge. Clear information is available when a person writes anecdotal accounts of his life, until he breathes his last from a youthful situation. And then he or she will observe the fate and get the clear information until then, man has no fate. And those who have fate that was not written in birth kundali (of that person but it is not created.) Naturally the planetary fate is written as accordingly.
- A person's having fate writing is perfectly available in his birth kundali but cannot be studied by astrologers or by God or himself. The events of yesterday's life are just like fate written. Because celestial stuff is impossible for humans.
- Most of yesterday's events are available. But for most of tomorrow's events, the astrologers or God predicted will be much less - because neither astrologers nor God will not have perfect astronomical information. When writing the birth kundali somebody wrote about a problem in the (or make mistake) kundali or writing horoscope.
- The god or saints we see today are actually gods with us today, now today what we have mantras are because of the satirical power of rushimuni (sages) in the early times and importantly they are not into of research of science. And also they made the incomplete information written in the book by the rushimunis (Sages) and left the world or the universe. Rushimunis (Sages), though, they had not done any penance about God. The seven unique chakras in the body of man began to work for the purpose of meditation and penance, as they were practiced in meditation. It enlightened them. Seven chakras of penance and continuous meditation become awakened by the special ray waves known as cosmic in nature. They then created the mantras and filled them with the special divine power that created the gods and brought them to life. That is why the Hindu scriptures reveal that the essence of the deities is hidden in the mantras.

- In another way, the gods were created and this is how the complete man become step by step from the monkey and similarly the time and Maya (magic), hidden powers or the natures will do his work accordingly and these are not visible to the humans eyes, this is and all because of nature not the god OR (By the peculiar power of Maya (magic) and time, just as man was created from monkey to complete human being by step by step. Even today, it is not visible to us but is functioning to its fullest. This is because of creation, not God)
- The creation of the gods that are visible to humans today is different from the creation of the gods of that time and of the creation of Maya (magic). Today, ghosts sometimes appear in the eyes of man. It is sometimes invisible to the eye. God is likewise a god that has arisen from the peculiar power of time and Maya (magic) or the gods created by Maya (magic) or the saints, who appear once and for all to the eyes of humans. Wandering like Maya (magic). And they are spontaneously ubiquitous.
- Demons or devils do not belong to the soul at all times to humans. As I have expanded many times before, the ghostly demons penetrate into the soul of man in a very special time. Sometimes a small problem can occur if a man becomes possessed by the demons or gods. But the demonic demons are also linked to the planetary, asterisk, star, time, and nakshtras to infiltrate humans.
- A sensitive question arises from where the clothing worn by a man comes from. The clothes the man wears are from yarn. That, too, is the most common fact. Again, the yarn is from cotton. But again, a subtle question arises as to where the cotton comes from. The answer, of course, comes from the fact that cotton comes from seed. But? The special question again arises where the seed came from. Then the suspicion that the seed may have arisen from God is created. But in reality it will not be a suspicion or conundrum. That sounds realistic. The truth becomes.
- The train moves. The train moves on its hinges. If the moving railway is a bit slippery, the rolls fall to the ground. Or may fall into the abyss. So much so that people can die. So many people can be hospitalized. Our Earth or other constellation or other planets of our solar system are moving smoothly in their orbit. If the constellation or planets from the respective orbit escape the orbit, then there will be a problem to the earth (will be deadly.) Such examples are few and far between. The planets may fall apart or fall apart, but the planets will not fall apart. No trajectory from the orbit. If a train has a problem with it moving, one of its passengers falls off. Vice versa.
- A town or city can be constructed. It may or may not look gorgeous. But there are also similar houses in the town or town that are built in their own unique structure and colors. Thus, a house can be built as a town or a city. (Planets are created in the solar system as its own the method. That is, the houses are the buildings; the stars and the city are built. How a city looks at such a group of stars as a city or city counts) Planets are created in the solar system as its own the method that is nakshatras, zodiacs this is like how the city and town were formed from the construction of the buildings and its unique similarly the stars, nakshatras, zodiacs, lunar days group of stars as a city or city counts. We make a city or city map. Similarly, we shoot clusters of stars in the solar system. We'll name it afterwards. We give them a unique

name, depending on their structure. Thus Aries, Taurus (Vrushaba) and Gemini (Mithuna) are designated according to their respective structure.

“We receive light from the sun, but there should have some unknown force to the sun.”

Explanation: The Lord created the creatures just as he created the food for the creatures. Man and God differ enormously. The Father is just like any other son; if human is authorized to create the world, he first created the creatures and subsequently created food for the environment.

- If the ball is thrown up, it comes down again. This is because, we say, there is a force of gravity on the earth. But in reality, this is all name sake. Even a saint can do this. He uses the supernatural power of his own to keep the ball up in space. So there are innumerable planets and suns and moons without shelter, and they feel the power of such saints. The saint is practicing this kind of trickery, perhaps because of the supernatural power of the Lord that there are countless planets in the universe. This is the reality.
- A boy has a ball (pellet) in his hands which means he wants to break it or it's left to its decision. And the earth is not particularly long life. When the bird flies in the sky, the soul is snatched away by the body of the Lord (god), and the physical body falls down similarly, the life of the earth may be over only by the complete dismantling of the spirit of life on earth. Once again, he creates a physical body on another planet and provides the soul to that body.
- Our planet or earth cannot have the same biomass, home or, province or country. As well as planets, zodiacs, biomass.
- Despite of many years of rain, seas, rivers and lakes on the surface, the earth is not affected. If the same human was built, they would have been struck and causes problems. This is the inner state of a planet.(strength of planet)
- Organisms like ours must be living in every solar system, at least on the planet.
- A house is on fire which can cause a fire in the neighborhood. Similarly, if the Earth were to be caused problem, its incubation would also affect other neighboring planets.
- On any planet, they may have been observing the Earth's narrative with their supernatural powers.
- There may be only angels living on any one planet.
- The dead humans (persons) may go to some other planet and live there.
- The idea of man has no end; thinking about the universe like that will not end. This is called "Vidhata/Almighty Creation".
- Never before had there been any kind of biomass on Earth. Perhaps we should have come from other planets, because there are different peoples, languages, colors, climates and cultures on different continents and countries on earth.
- Planets have no shelter in the universe, which means the force of gravity. It is evident that the involvement of Vidhata/Almighty is moving. But there must be a reason for frequent meteorites and celestial crashes on Earth or on another planet. This is due to the vidhata/Almighty. If a ball (pellet) is placed on the ground, it rests there

neutral. But when we turn it around and play ball (pellet), it breaks down at once. This is creation of the Lord, and must have been. This is why life must have been brought to Earth by other planets.

- If extraterrestrials come and live on earth, survival is hard enough. That is why Vidhatha/Almighty is divided the soul and body into two separate parts. But the soul does not depend on the soil of that ground.
- The tree grows from seed. But is it possible for a man to cultivate a tree by his ingenuity? Once he succeeds in this task, all the things he has taken for seed preparation are from the five physical elements.
- When a stone is throw at the sea, it falls back into the sea. This does not mean that gravity is too strong for sea water. When we land (at edge of sea) and throw the same stone to the sea, it falls back into the water, or beyond the sea, in proportion to the force we have thrown. So similarly when we stand on the ground and lift or throw the stone to up, it returns to the earth and the earth does not fall out of the ground. But when we throw the same stone at the edge of the earth, it can move to another planet. Or when a person lifts a heavy stone, it rolls back to him, and does not roll over.
- If there was a steel component or iron ore on the ground, there would be no vehicles moving on the ground. Similarly, stone clay was drawn to the presence of steel and the objects are attracting towards it. Earth objects cannot move anywhere without returning to Earth.
- If a stone was lifted up or throw, it would come to life after some time in the sky. Because the stone is an inanimate object, it rolls back into place. We want to leave the stone still standing in the sky, letting it move forward. But it is not possible. Because man's power or energy is so great. The same can be said of a spectacular show when we hover over a bird. It flies in the sky for a while and then comes back to Earth. Because the bird is a living thing.
- Because plants have life, they grow day by day. Grow and become wood. The flower will leave. After that the fruit then becomes a nut. After some time, the tree dies. There is no difference between man and tree.
- Humans on Earth have their own special language and special knowledge for even the most living organisms on earth. For example, if we stand a lizard in front of a human, we will see the lizard as a clumsy animal.
- The creation of the earth just 450 million years ago meant that the son was born just after the birth of the father only. The unborn child does not even know age. The mother tells her the baby she was born with. It is therefore not correct to take into account that our planet has been intersecting for 450 billion years. The builder can calculate mud, brick, and estimate the price of the house he built. But the children living in that house would not be able to equalize the price of the house his father built. But you can easily estimate and calculate the household size. **(Investigative Duration – 04 Years)**
