Birth Number is 15 = 1+5 = 6

Destiny Number – It is a total of complete date of birth of native. If the total is in double digit, it will also be converted into single digit by adding them itself.

1. For example: Date of Birth – 02/10/1869
 Destiny Number = 9
 $[D+D+MM+Y+Y+Y+Y]$
 $= 0+2+1+0+1+8+6+9 = 27 = 2+7 = 9$

2. Date of Birth – 15/08/1947
 Destiny Number = 8

$[D+D+M+M+Y+Y+Y+Y]$
 $= 1+5+0+8+1+9+4+7 = 35 = 3+5 = 8$

3. Date of Birth – 30/01/1950
 Destiny Number = 1
 $[D+D+M+M+Y+Y+Y+Y]$
 $= 3+0+0+1+1+9+5+0 = 19 = 1+9 = 10 = 1$

Zodiac Number – This is purely based on Birth’s Month of Native. It is assigned as per below table in Numerology

Table 1: Zodiac sign indicating table according to dates slab and month of birth:

Date slab and Month	Zodiac Name	Zodiac Number & Planet
21 st March to 20 th April	Aries	9, Mars

22 nd June to 22 nd July	Cancer	2, Moon
23 rd July to 23 rd August	Leo	1, Sun
24 th August to 23 rd September	Virgo	5, Mercury
24 th September to 23 rd October	Libra	6, Venus
24 th October to 22 nd November	Scorpio	9, Mars
23 rd November to 21 st December	Sagittarius	3, Jupiter

B) Method to calculate the age of marriage

As we know that all incidents depend on the destiny and destiny depends on our Karma and Prarabdh. In Kaliyuga, there are three main planets i.e. Uranus (Rahu), Neptune (Ketu) and Saturn (Shani) play the most important role in Human life. They all can come through thirty two (32 as per Vastu) directions of East, West, North and South. Each direction has its eight sub-directions, $4 \times 4 \times 2 = 32$

directions. According to this mythology, there are some numbers, which stand to calculate the age of marriage of a native.

- 32 – Direction; The reaching point
- 4 – Uranus; for dividing the Karma and Prarabdh from past life
- 7 – Neptune; for spiritual and ritual activities in current life
- 3 – Jupiter; for enlightening the human life in Kali Yuga
