A study in Vedic astrology with special reference to women's professional life (career) after marriage

Dr. Tia Bansal and Dr. Rudresh M Shastri

Abstract

Main house for career prediction the 10th house. It's Lord are the chief factors to check for career or profession. 10th and 11th houses are those houses which need to be checked and analyzed for the career or profession. I will be working on this topic women who are not working after marriage even they graduated from nice college along with that I will pay attention to those women horoscope who are professionally successful after marriage. I will try to find out what and how planets privilege some of the women to work professionally after marriage and some of them spend their lives talking care of their respective families. So we have to see their 10th house, 2nd house should also be checked after their 10th house. 6th house also indicates job, so we have to check their 6th house which indicates competition, Hard work, Daily routine etc. 11th house is the house of success and gain without the help of 11th house, Success in career is difficult. So for career in job we have to check 2nd house, 6th house, 10th house and 11th house of your Horoscope.

Introduction

Veda Vyasa give much information about both major and minor planets which also includes comets, in his epic. While, in this study we are only restricting ourselves to 9 planets system of Indian astrology, known as Navgraha. According to this, Both Sun and moon are planets. Moreover, the phenomenon of eclipses occurs due to two other planets – Rahu and Ketu. So, accordingly the Navgraha system has nine planets – Sun, Moon, Mars, Saturn, Venus, Mercury, Rahu and Ketu.

Materials and Methods

The present method of predictive astrology based on the twelve house of the birth chart based on the zodiacs is not mentioned in the traditional Indian Vedic astrology. But in the Atharva branch of Vedic astrology contains the core elements of this method from the ancient times. In this, the 27 constellations (Nakshatras) of the zodiac are divided into 9 parts and these are further divided into 3 constellations each in each part. Among these, the first constellations is taken as a birth constellation, the tenth constellation is the profession constellation, and the 19th constellation is the “adhan” nakshatra.

Plan of Work and Methodology

- Primary data is used for the research.
- Collect data from married women.
- Analysing their horoscope to understand the influence of planets and positions.
- Collating the reasons why they are not working after a good education.
- Data analysis will be done in term of no. Assigned to the planet, zodiac sign and Bhava.
- 10th, 6th, 11th, 2nd houses are studies all horoscope based on their birth details.

Predictive Astrology

It's a science in which the positive and negative effects of planets and constellations on humans and Earthare studied in detail. The yogic meaning of the “Jyotisha” is the discipline which is related to the planets and constellations.

Women Career Prediction

There are three leading indicators to look for in a chart to determine one's career as per astrology. The first is the placement of planet Saturn and the second is the zodiac Capricorn, and the third is the 10th house or lord of this house what kind of professional life a person will have can be determined by the placement of Saturn.

A person may get into various kinds of professions that depend on the lord of the 10th house. Studies of multiple planets positions describe what job/ business a person will choose. In case of strong Jupiter in combination with the Sun and the Mercury would make you an economist. A career in engineering or medical field is sought if one has conjunctions of Mars, Saturn, Rahu and, Moon, whereas the presence of Venus and Mars indicates a career in the electric field.

Most of the people fall into the category of average intelligence and routine jobs. If and the 5th house or their lords are malefic native may have little or no education. But these and the 5th house or their lords are malefic, the native may have little or no education. But these result can also be changed by the influence of other planets affecting them or looking at them.

Unique Planetary Placements and Combination/Yoga were observed in attaining Successful Career
